Full council agreed comments as follows:

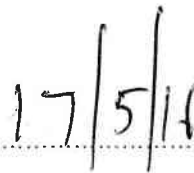

16/00812/FUL & 16/00919/FUL - Neither object nor support but pass comment on the deleterious effect of loss of off street car parking.

16/00563/FUL - With regard to revised drawings on Pinelands we could see no reason to alter our previous comments but would add that concern is expressed about the proximity to the adjacent property to the North boundary, i.e. High Drive because of the apparent lack of room to carry out the works and also the potential for loss of privacy on that property.
